Allowable Subject Matter

Claims 1-10 are allowed.

The following is an examiner's statement of reasons for allowance: The prior art fails to disclose or suggest a device and method having all of the claimed limitations. While various anatomical dolls and models are known, there is no suggestion of an anatomical doll for demonstrating a mastectomy procedure having each of the claimed features of the invention. As a result, the claims are allowed.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

Conclusion

The prior art made of record and not relied upon is considered pertinent to applicant's disclosure. Suhr, Leight, Pederson, Blaine, Kittner, Coomansingh, Ehrenpreis, Weber, Grosz, Carlberg, Sumerville, Kling and Munson disclose various anatomical dolls and models.

Any inquiry concerning this communication or earlier communications from the examiner should be directed to Kurt Fernstrom whose telephone number is (571) 272-4422. The examiner can normally be reached on M, T, Th 9:30-6:00.
